RULES AND REGULATIONS

These rules apply to all persons present on the campsite, whatever their status.

Staying on the campsite implies acceptance of these rules and a commitment to comply with them.

Any infringement may result in the expulsion of the offender, with recourse to the police if necessary and legal proceedings.

1° Admission requirements

To be admitted to the campsite and before moving in, you must register and regularise your stay at Reception.

The campsite manager or his representative is obliged to ensure that the campsite is kept in good order and that these internal regulations are complied with.

The guest staying on a pitch or in a rental unit must have valid civil liability insurance. Proof of insurance may be requested from the guest before the start of the stay.

Any malicious, insulting or aggressive behaviour, as well as any act of discrimination, blackmail or harassment, towards other customers or campsite employees is strictly forbidden.

Les Méditerranées' wristbands must be worn at all times and visibly on the wrist for the duration of your stay; this system contributes to your safety on the campsite.

2° Registration formalities

Anyone wishing to stay on the campsite for at least one night must present a valid identity document to reception beforehand and complete the required formalities.

Minors unaccompanied by their parent(s) or guardian(s) are not admitted and must be looked after throughout their stay. Parental authorisation is not accepted.

Minors remain under the responsibility of their parent(s) or legal guardian(s) for the entire duration of the stay.

3° Installation

Reception formalities must be carried out prior to installation. No installation may exceed the limits of the pitch.

Pitches :

Pitches are available from 2pm on the day of arrival. On the day of departure, they must be vacated by 11am.

For any departure after 11:00 a.m., an additional night may be charged at the current nightly rate. The pitch must be left clean.

If the pitch is not vacated after 11:00 a.m. and the guest has not made any contact, Management reserves the right, for operational reasons and in order to make the pitch available again, to move the guest's equipment or belongings. This will be done at the guest's own risk and expense, without any right of recourse against the establishment.

The guest may call upon a security or storage company; in this case, they are required to provide Reception with the company's name and contact details.

Each pitch is intended for one and only one main installation, i.e. 1 camper van, 1 caravan or 1 tent.

The tent, caravan, camper van, vehicle or other equipment must be installed on the pitch indicated by the operator.

For each pitch, 10 amps of electricity are available. As an indication, you will find the amperage generally required for these appliances: fridge 2 A; television 1 A; air conditioning 5 A; griddle/barbecue 10 A, etc.

The campsite cannot be held responsible in the event of power cuts, particularly if a camper or third party does not respect the amperage available – connecting an electric vehicle or any other unauthorised connection.

Any electrical connection (sockets, adapters, multiple sockets, reels, equipment) represents a fire hazard and must comply with standards.

Any change of pitch during your stay must be authorised in advance by Reception.

Rental :

On the day of arrival, access to accommodation is guaranteed by 5pm at the latest. On the day of departure, they must be vacated by 10am.

No additional installations or tents are permitted on the rental plot.

During your stay:

Any absence of more than 24 hours during the stay or any early departure from a rental or pitch must be reported to reception; if the customer does not inform reception, a pitch that remains empty for more than 24 consecutive hours will be made available by the campsite.

To ensure the safety of the campsite, an agent is present at the entrance and authorises access to the fire brigade, police officers, doctors, etc.

Only one vehicle is permitted per pitch, unless agreed by the management and subject to payment of an additional fee.

Only vehicles belonging to campers staying on the site may circulate on the site. Parking must not overflow onto the driveways, impede traffic or prevent new arrivals from settling in.

In addition, it is forbidden to park on unoccupied plots or pitches or other car parks that are not reserved for you.
